

Date, Time and Platform

November 1, 2024 10.30 PM Google Meet

Attendees

Choyon Sarker (CS) Yumna Tasneem (YT) Nuzhat Nairy Afrin (NN) Lamia Binta Latif (LB) Raian Rashid (RR)

Scrum Master

Raian Rashid (RR)

Team Task Updates

Choyon Sarker

- **Completed Yesterday:** Identified test cases and attempted to run them.
- **Planned for Today:** Complete the remaining test cases and execute them.
- **Challenges:** Encountered significant difficulties setting up the test environment and remains stuck.

Lamia Binta Latif

- **Completed Yesterday:** Attempted to run test cases but faced some compiler errors.
- **Planned for Today:** Focus on resolving the compiler error issues.
- **Challenges:** Plans to generate the sprint report tomorrow.

Nuzhat Nairy Afrin

- **Completed Yesterday:** Established architecture, adhered to coding standards, documented processes, and drafted potential test cases.
- **Planned for Today:** Set up the test case environment and begin generation.
- **Challenges:** Experienced severe issues with the working device while performing tasks.

Yumna Tasneem

- **Completed Yesterday:** Generated test cases, created the testing environment, and attempted to run unit tests.
- **Planned for Today:** Address errors and complete unit testing.
- **Challenges:** Tests are consistently failing.

Raian Rashid

- **Completed Yesterday:** Created test cases with assertions
- **Planned for Today:** Run and finalize test cases along with corresponding functions.

- **Challenges:** Encountered multiple failed test cases.

Summary of Impediments

- **Test Environment Setup Issues:** CS is struggling with setting up the test environment.
- **Compiler Errors:** LB is facing compiler errors while running test cases.
- **Device Problems:** NN is dealing with significant issues with her working device.
- **Test Failures:** RR and YT are facing multiple test case failures.

Next Steps

- **Resolve Test Environment Setup:** Provide assistance to ~CS` in setting up the test environment.
- **Address Compiler Errors:** Support LB in troubleshooting the compiler errors.
- **Investigate Device Issues:** Help NN find a solution to the device problems she's encountering.
- **Review Test Failures:** Collaborate with RR and YT to investigate the causes of failed test cases.
